

QUARNEVALEN ^{13:e} ^{MAY} 2017

Undergruppore and volunteers

Quarnevalen wants you to either "Undergruppore" or be a volunteer! There are many areas where we need your help, and we need people who want to take on different levels of responsibility. Below is a short explanation of the difference between Undergruppore and volunteers.

UNDERGRUPPARE:

You are: A person who wants to help out a fair bit and preferably have your own area of responsibility. This means that you will be more involved in the event and will in many cases manage your own staff. To be an Undergruppore you need to be able to devote some time and that you are a responsible person. You have many different areas of responsibility to choose from.

This is what you'll get in return: Aside from experiencing a fantastic event you'll receive an awesome JUMPSUIT and a super sweet THANK-YOU PARTY!

VOLUNTEER:

This is you: You'd love to get involved in Quarnevalen but aren't able to devote quite as much time, or would prefer not to have any larger responsibilities. Quarnevalen needs a lot of volunteers for the parties and the Construction Site.

Nöjestyret

Nöjestyret (the group responsible for parties, events and entertainment) is made up of two parts: those responsible for the Final Party and those responsible for the Beer Tent.

Undergruppore

FINAL PARTY:

The Final Party is held after the parade on May 13th. Construction and deconstruction will take place before and after the party itself. You can apply for the following positions:

Chief of logistics and Security:

- You are responsible for planning the logistics and security of the event, for evacuation officers, distributing first aid kits, and are the primary responsible for communication with doormen and security guards. You are responsible for planning and scheduling construction and deconstruction of the party, and you share the responsibility for making sure that everyone knows what to do during construction and deconstruction with the Chief of Staff.

Chief of Crew

- Responsible for recruitment of the crew for the Final Party. During the evening it is your responsibility that the crew gets the information they need, that there is food for the crew, and you are also responsible for the work schedule. You need to coordinate with the Chief of Logistics and Security to plan how many are needed for construction and deconstruction.

Chief of Food and Serving

- Responsible for the contact with catering firms and planning the logistics of how to serve the food. It is your responsibility that people with allergies are served the proper food. You are responsible for all food stations, e.g. popcorn or cotton candy machines, maybe a hot dog stand, etc. You are also responsible for contact and coordination with food trucks.

Bar- and beverages chief

Generalsstyret

With Generalsstyret there are two possibilities: working with SÄLjchefen (the Chief of Sales) or Ekochefen (the Chief of Economy).

SÄLj:

SÄLj's Undergrupp are divided into two categories, namely: The BRUX events and Business Hosts. We're looking for committed, outgoing and positive people who are happy to talk to people and love to provide first-class service to our participants and to companies who will be present during the Construction Week in May.

BRUX events:

BRUXanvisningen is Quarnevalens own magazine, and every builder receives 52 each. These are then sold by the participants to finance their Quarnevalen participation fee. To make it easier for the builders to sell the BRUX we will be holding events during April on the streets of Stockholm. These events will include fun activities of different kinds, some involving companies. Help will mostly be needed between April 6th and 27th, a couple of hours a week and during the weekends.

Business Hosts:

During the Quarnevalen week a number of companies will be present, both at the Construction Site and in the Beer Tent. As a Business Host your job is to make sure that the companies that are visiting have everything they need and that any events and happenings are running smoothly. Help will primarily be needed between May 5th and 13th.

Participating as an Undergrupp both during the BRUX events in April and as a Business Host or some other form of Undergrupp during the Quarnevalen week in May is more than welcome.

Economy:

The Economy Undergrupp are in charge of selling merchandise, managing the entrance to the Construction Site and making sure that the Builders receive their Final Party wristbands.

Tågstyret

Tågstyret are in charge of the Construction Site and the Quarnevalen parade. They will be needing help from late April until the middle of May. Individual schedules will be made.

Being good with your hands is no requirement – a positive attitude will get you far! Every position has its specific job description but everyone is to help with acquiring materials, establishing the Construction Site, helping Builders during the Construction Week, partying during the Final Party and helping deconstruct the Construction Site once Quarnevalen is over. The Construction Site needs to be restored, any leftover materials are to be brought to the storages, returned or thrown away. When the deconstruction is finished we'll enjoy our achievements together at the thank-you party.

Qualitet: KNAPPNÅL

You are a person who likes helping people, and are preferably creative and imaginative. As a Knappnål your area of responsibility is the overall quality of Quarnevalen, improving the quality of both the parade and the Construction Site. We therefore need people to help the Builders realize their ideas and be responsible for food and drinks, workshops, unusual materials and sewing help at the Construction Site.
